## Item 2.02. Results of Operations and Financial Condition.

On February 27, 2023, Freshpet, Inc. (“Freshpet”) issued a press release disclosing its financial results for the quarter and year ended December 31, 2022. The full text of the press release is attached hereto as Exhibit 99.1 and is incorporated herein by reference.

As previously announced, Freshpet will hold a conference call at 8:00 a.m., Eastern Time, on Monday, February 27, 2023 to discuss its financial results for the quarter and year ended December 31, 2022.

Freshpet references non-GAAP financial information in the press release and makes similar references in the transcript to the conference call. A reconciliation of these non-GAAP financial measures to the nearest comparable GAAP financial measures is contained in the attached Exhibit 99.1 press release.

## Item 7.01. Regulation FD Disclosure.

On February 27, 2023, Freshpet published to the investor relations section of its website a presentation which will be used by Freshpet’s management team in meetings with analysts and stockholders. A copy of the presentation is attached hereto as Exhibit 99.2 and is incorporated herein by reference.

The information furnished with Item 2.02 and this Item 7.01, including Exhibits 99.1 and 99.2, shall not be deemed “filed” for purposes of Section 18 of the Securities Exchange Act of 1934, as amended (“the Exchange Act”) or incorporated by reference into any other filing under the Securities Act of 1933, as amended, or the Exchange Act, except as expressly set forth by specific reference in such a filing.

Freshpet uses the “Investors” section of its website (*investors.freshpet.com*) as a means of disclosing material non-public information and for complying with its disclosure obligations under Regulation FD.

## Item 9.01. Financial Statements and Exhibits.

Title: Chief Financial Officer

## Freshpet, Inc. Reports Fourth Quarter and Full Year 2022 Financial Results

*FY 2022: Strongest topline growth since the Company went public*

*Q4 shows significant improvement in operations*

*Ennis start-up is on-track*

SECAUCUS, N.J. – February 27, 2023 – Freshpet, Inc. (“Freshpet” or the “Company”) (Nasdaq: FRPT) today reported financial results for its fourth quarter and full year ended December 31, 2022.

### Fourth Quarter 2022 Financial Highlights Compared to Prior Year Period

- Net sales of \$165.8 million, an increase of 43.1%
- Net loss of \$2.9 million, compared to net loss of \$9.3 million
- Adjusted EBITDA of \$18.8 million, compared to \$7.6 million <sup>1</sup>

### 2022 Financial Highlights Compared to Prior Year

- Net sales of \$595.3 million, an increase of 39.9%
- Net loss of \$59.5 million compared to a net loss of \$29.7 million
- Adjusted EBITDA of \$20.1 million compared to \$35.0 million <sup>1</sup>

“We had a very strong finish to 2022. Between record net sales growth, improved performance on quality and logistics, and a strong start-up of our Ennis Kitchen, we were able to exceed our guidance and build a strong foundation for 2023,” commented Billy Cyr, Freshpet’s Chief Executive Officer. “With the Ennis Kitchen now on-line, we finally have enough capacity to meet the growing demand for Freshpet. That will enable us to focus on driving our operational improvements and margin enhancement under our Fresh Future plan while finally having the ability to fully leverage our marketing, innovation, and distribution capabilities. That will enable us to continue building the Freshpet franchise and deliver on our long-term growth and profitability goals.”

### Fourth Quarter 2022

Net sales increased 43.1% to \$165.8 million for the fourth quarter of 2022 compared to \$115.9 million for the fourth quarter of 2021. Net sales for the fourth quarter of 2022 were driven by pricing, velocity, distribution gains and innovation.

Gross profit was \$45.7 million, or 27.6% as a percentage of net sales, for the fourth quarter of 2022, compared to \$41.2 million, or 35.6% as a percentage of net sales, in the prior year period. For the fourth quarter of 2022, Adjusted Gross Profit was \$54.8 million, or 33.0% as a percentage of net sales, compared to \$47.0 million, or 40.6% as a percentage of net sales, in the prior year period. The decreases in gross profit and Adjusted Gross Profit as a percentage of net sales were primarily due to increased plant start-up cost, inflation of ingredient cost and labor, and quality issues, partially offset by increased pricing. Beginning with the third quarter of 2022, the Company is no longer adding back plant start-up expense in its calculation of Adjusted Gross Profit, which for the fourth quarter represented \$8.0 million. Adjusted Gross Profit is a non-GAAP financial measure defined under “Non-GAAP Measures,” and is reconciled to gross profit in the financial tables that accompany this release.

Selling, general and administrative expenses (“SG&A”) were \$47.8 million for the fourth quarter of 2022 compared to \$48.9 million in the prior year period. As a percentage of net sales, SG&A decreased to 28.8% for the fourth quarter of 2022 compared to 42.2% in the prior year period. The decrease in SG&A as a percentage of net sales was a result of decreased media spend in 2022 of \$10.1 million, decreased logistics cost as a percentage of net sales, and increased leverage on sales volume, slightly offset by cost associated with implementing a new ERP system. Adjusted SG&A for the fourth quarter of 2022 was \$37.2 million, or 22.4% as a percentage of net sales, compared to \$39.5 million, or 34.1% as a percentage of net sales, in the prior year period. Adjusted SG&A is a non-GAAP financial measure defined under “Non-GAAP Measures,” and is reconciled to SG&A in the financial tables that accompany this release.

Net loss was \$2.9 million for the fourth quarter of 2022 compared to net loss of \$9.3 million for the prior year period. The decrease in net loss was due to higher net sales, increased gross profit and decreased SG&A.

<sup>1</sup> Adjusted EBITDA, as well as certain other measures in this release, is a non-GAAP financial measure. See “Non-GAAP Measures” for how we define these measures and the financial tables that accompany this release for reconciliations of these measure to the closest comparable GAAP measures.

Adjusted EBITDA was \$18.8 million, or 11.3% as a percentage of net sales, for the fourth quarter of 2022, compared to \$7.6 million, or 6.5% as a percentage of net sales, in the prior year period. The increase in Adjusted EBITDA was a result of higher net sales, increased Adjusted Gross Profit and decreased Adjusted SG&A expense.

## **Full Year 2022**

Net sales increased 39.9% to \$595.3 million for the full year ended December 31, 2022, compared to \$425.5 million in the prior year. The increase in net sales was driven by pricing, velocity, distribution gains and innovation.

Gross profit was \$186.0 million, or 31.2% as a percentage of net sales, for the full year ended December 31, 2022, compared to \$162.1 million, or 38.1% as a percentage of net sales, in the prior year. For the full year ended December 31, 2022, Adjusted Gross Profit was \$214.1 million, or 36.0% as a percentage of net sales, compared to \$184.6 million, or 43.4% as a percentage of net sales, in the prior year. The decreases in gross profit and Adjusted Gross Profit as a percentage of net sales were primarily due to increased plant start-up cost, inflation of ingredient cost and labor, and quality issues, partially offset by increased pricing.

Selling, general and administrative expenses ("SG&A") were \$238.0 million, for the full year ended December 31, 2022, compared to \$186.8 million in the prior year. As a percentage of net sales, SG&A decreased to 40.0% for the full year ended December 31, 2022, compared to 43.9% in the prior year. The decrease in SG&A as a percentage of net sales was a result of increased leverage on sales volume, decreased media expenses as a percentage of net sales, slightly offset by cost associated with implementing a new ERP system. Adjusted SG&A for the full year ended December 31, 2022, was \$195.7 million, or 32.9% as a percentage of net sales, compared to \$149.7 million, or 35.2% as a percentage of net sales, in the prior year period.

Net loss was \$59.5 million for the full year ended December 31, 2022, compared to a net loss of \$29.7 million for the prior year. The increase in net loss was due to increased SG&A, which includes increased media spend of \$16.6 million and increased plant start-up cost of \$21.2 million, partially offset by higher net sales and increased gross profit.

Adjusted EBITDA was \$20.1 million, or 3.4% as a percentage of net sales, for the full year ended December 31, 2022, compared to \$35.0 million, or 8.2% as a percentage of net sales, in the prior year period. The decrease in Adjusted EBITDA was a result of increased Adjusted SG&A expense (including \$4.1 million of launch expense) partially offset by higher net sales and Adjusted Gross Profit (including \$26.1 million of plant start-up expense).

## **Balance Sheet**

As of December 31, 2022, the Company had cash and cash equivalents of \$132.7 million with no debt outstanding.

## **Outlook**

For full year 2023, the Company is providing the following guidance:

- Net sales of ~\$750 million, an increase of ~26% from 2022.
- Adjusted EBITDA of at least \$50 million.
- Capital expenditures for 2023 of ~\$240 million.

The Company does not provide guidance for the GAAP measure most directly comparable to Adjusted EBITDA, net income, and similarly cannot provide a reconciliation between its forecasted Adjusted EBITDA and net income metrics without unreasonable effort due to the unavailability of reliable estimates for certain components of net income and the respective reconciliations, including the timing of and amount of costs of goods sold and selling, general and administrative expenses. These items are not within the Company's control and may vary greatly between periods and could significantly impact future results.

### **Conference Call & Earnings Presentation Webcast Information**

As previously announced, today, February 27, 2023, the Company will host a conference call beginning at 8:00 a.m. Eastern Time with members of its leadership team. The conference call webcast will be available live over the Internet through the "Investors" section of the Company's website at [www.freshpet.com](http://www.freshpet.com). To participate on the live call, listeners in North America may dial (877) 407-0792 and international listeners may dial (201) 689-8263.

A replay of the conference call will be archived on the Company's website and telephonic playback will be available from 12:00 p.m. Eastern Time today through March 13, 2023. North American listeners may dial (844) 512-2921 and international listeners may dial (412) 317-6671; the passcode is 13736375.

### **About Freshpet**

Freshpet's mission is to improve the lives of dogs and cats through the power of fresh, real food. Freshpet foods are blends of fresh meats, vegetables and fruits farmed locally and made at our Freshpet Kitchens. We thoughtfully prepare our foods using natural ingredients, cooking them in small batches at lower temperatures to preserve the natural goodness of the ingredients. Freshpet foods and treats are kept refrigerated from the moment they are made until they arrive at Freshpet Fridges in your local market.

Our foods are available in select mass, grocery (including online), natural food, club, and pet specialty retailers across the United States, Canada and Europe. From the care, we take to source our ingredients and make our food, to the moment it reaches your home, our integrity, transparency and social responsibility are the way we like to run our business. To learn more, visit [www.freshpet.com](http://www.freshpet.com).

### **Forward Looking Statements**

Certain statements in this release constitute "forward-looking" statements, including statements relating to our long-term capacity planning and guidance with respect to, net sales, Adjusted EBITDA and capital expenditures. These statements are based on management's current opinions, expectations, beliefs, plans, objectives, assumptions or projections regarding future events or future results. These forward-looking statements, including our updated guidance, are only predictions, not historical fact, and involve certain risks and uncertainties, as well as assumptions. Actual results, levels of activity, performance, achievements and events could differ materially from those stated, anticipated or implied by such forward-looking statements. While Freshpet believes that its assumptions are reasonable, it is very difficult to predict the impact of known factors, and, of course, it is impossible to anticipate all factors that could affect actual results. There are several risks and uncertainties that could cause actual results to differ materially from forward-looking statements made herein including, most prominently, the risks discussed under the heading "Risk Factors" in the Company's latest annual report on Form 10-K and its quarterly reports on Form 10-Q filed with the Securities and Exchange Commission. Such forward-looking statements are made only as of the date of this release. Freshpet undertakes no obligation to publicly update or revise any forward-looking statement because of new information, future events or otherwise, except as otherwise required by law. If we do update one or more forward-looking statements, no inference should be made that we will make additional updates with respect to those or other forward-looking statements.

## Non-GAAP Financial Measures

Freshpet uses the following non-GAAP financial measures in its financial communications. These non-GAAP financial measures should be considered as supplements to the GAAP reported measures, should not be considered replacements for, or superior to, the GAAP measures and may not be comparable to similarly named measures used by other companies.

- Adjusted Gross Profit
- Adjusted Gross Profit as a % of net sales (Adjusted Gross Margin)
- Adjusted SG&A
- Adjusted SG&A as a % of net sales
- EBITDA
- Adjusted EBITDA
- Adjusted EBITDA as a % of net sales

Adjusted Gross Profit: Freshpet defines Adjusted Gross Profit as gross profit before depreciation expense, non-cash share-based compensation and COVID-19 expenses.

Adjusted SG&A Expenses: Freshpet defines Adjusted SG&A as SG&A expenses before depreciation and amortization, non-cash share-based compensation, fees related to equity offerings of our common stock, implementation and other costs associated with the implementation of an enterprise resource planning ("ERP") system, loss on disposal of equipment, COVID-19 expenses and organization changes designed to support long-term growth objectives.

EBITDA and Adjusted EBITDA: EBITDA represents net income (loss) plus interest expense, income tax expense and depreciation and amortization expense, and Adjusted EBITDA represents EBITDA plus loss on equity method investment, non-cash share-based compensation expense, fees related to equity offerings of our common stock, implementation and other costs associated with the implementation of an ERP system, loss on disposal of equipment, COVID-19 expenses and organization changes designed to support long-term growth objectives. Beginning with the period ended September 30, 2022, the Company is no longer adding back launch expenses and plant start-up expense in its calculation of non-GAAP financial measures. This change is part of a renewed focus on capital efficiency, that will provide greater clarity on our path toward generating positive net income as the business scales further following our planned capacity additions.

Management believes that the non-GAAP financial measures are meaningful to investors because they provide a view of the Company with respect to ongoing operating results. The non-GAAP financial measures are shown as supplemental disclosures in this release because they are widely used by the investment community for analysis and comparative evaluation. They also provide additional metrics to evaluate the Company's operations and, when considered with both the Company's GAAP results and the reconciliation to the most comparable GAAP measures, provide a more complete understanding of the Company's business than could be obtained absent this disclosure. The non-GAAP measures are not and should not be considered an alternative to the most comparable GAAP measures or any other figure calculated in accordance with GAAP, or as an indicator of operating performance. The Company's calculation of the non-GAAP financial measures may differ from methods used by other companies. Management believes that the non-GAAP measures are important to an understanding of the Company's overall operating results in the periods presented. The non-GAAP financial measures are not recognized in accordance with GAAP and should not be viewed as an alternative to GAAP measures of performance.

## FORWARD LOOKING STATEMENTS & NON-GAAP MEASURES

### Forward-Looking Statements

Certain statements in this presentation by Freshpet, Inc. (the "Company") constitute "forward-looking" statements, which include any statements related to the the Freshpet Kitchens Expansion, our long-term capacity planning, our net sales and Adjusted EBITDA guidance and the Company's general operating and economic environment. These statements are based on management's current opinions, expectations, beliefs, plans, objectives, assumptions or projections regarding future events or future results. These forward-looking statements are only predictions, not historical fact, and involve certain risks and uncertainties, as well as assumptions. Actual results, levels of activity, performance, achievements and events could differ materially from those stated, anticipated or implied by such forward-looking statements. While Freshpet believes that its assumptions are reasonable, it is very difficult to predict the impact of known factors, and, of course, it is impossible to anticipate all factors that could affect actual results. There are many risks and uncertainties that could cause actual results to differ materially from forward-looking statements made herein, including our long-term capacity planning, and most prominently, the risks discussed under the heading "Risk Factors" in the Company's latest annual report on Form 10-K and quarterly reports on Form 10-Q filed with the Securities and Exchange Commission. Such forward-looking statements are made only as of the date of this presentation. Freshpet undertakes no obligation to publicly update or revise any forward-looking statement because of new information, future events or otherwise, except as otherwise required by law. If we do update one or more forward-looking statements, no inference should be made that we will make additional updates with respect to those or other forward-looking statements.

### Non-GAAP Measures

Freshpet uses certain non-GAAP financial measures, including EBITDA, Adjusted EBITDA, Adjusted EBITDA as a % of net sales (Adjusted EBITDA Margin), Adjusted Gross Profit, Adjusted Gross Profit as a % of net sales (Adjusted Gross Margin), Adjusted SG&A and Adjusted SG&A as a % of net sales. These non-GAAP financial measures should be considered as supplements to GAAP reported measures, should not be considered replacements for, or superior to, GAAP measures and may not be comparable to similarly named measures used by other companies.

Freshpet defines EBITDA as net income (loss) plus interest expense, income tax expense and depreciation and amortization expense, and Adjusted EBITDA as EBITDA plus net income (loss) on equity method investment, non-cash share-based compensation, fees related to equity offerings of our common stock, implementation and other costs associated with the implementation of an ERP system, and other expenses, including loss on disposal of equipment, COVID-19 expenses and organization changes designed to support long-term growth objectives.

Effective with Q3 2022 results, the definition of Adj. EBITDA has changed

## FORWARD LOOKING STATEMENTS & NON-GAAP MEASURES

Freshpet defines Adjusted Gross Profit as gross profit before depreciation expense, COVID-19 expense and non-cash share-based compensation, and Adjusted SG&A as SG&A expenses before depreciation and amortization expense, non-cash share-based compensation, gain (loss) on disposal of equipment, fees related to equity offerings of our common stock, implementation and other costs associated with the implementation of an ERP system, COVID-19 expense and organization changes designed to support long term growth objectives.

Management believes that the non-GAAP financial measures are meaningful to investors because they provide a view of the Company with respect to ongoing operating results. Non-GAAP financial measures are shown as supplemental disclosures in this presentation because they are widely used by the investment community for analysis and comparative evaluation. They also provide additional metrics to evaluate the Company's operations and, when considered with both the Company's GAAP results and the reconciliation to the most comparable GAAP measures, provide a more complete understanding of the Company's business than could be obtained absent this disclosure. Adjusted EBITDA is also an important component of internal budgeting and setting management compensation. The non-GAAP measures are not and should not be considered an alternative to the most comparable GAAP measures or any other figure calculated in accordance with GAAP, or as an indicator of operating performance. The Company's calculation of the non-GAAP financial measures may differ from methods used by other companies. Management believes that the non-GAAP measures are important to an understanding of the Company's overall operating results in the periods presented. The non-GAAP financial measures are not recognized in accordance with GAAP and should not be viewed as an alternative to GAAP measures of performance.

Certain of these measures represent the Company's guidance for fiscal year 2023. The Company is unable to reconcile these forward-looking non-GAAP financial measures to the most directly comparable GAAP measures without unreasonable efforts because the Company is currently unable to predict with a reasonable degree of certainty the type and impact of certain items, including the timing of and amount of costs of goods sold and selling, general and administrative expenses, that would be expected to impact GAAP measures for these periods but would not impact the non-GAAP measures. The unavailable information could significantly impact our financial results. These items are not within the Company's control and may vary greatly between periods. Based on the foregoing, the Company believes that providing estimates of the amounts that would be required to reconcile these forecasted non-GAAP measures to forecasted GAAP measures would imply a degree of precision that would be confusing or misleading to investors for the reasons identified above.

# FY 2023 GUIDANCE

## 2023 GUIDANCE: FOCUS ON IMPROVING PROFITABILITY WHILE DRIVING GROWTH

- **Volume cadence:** Shipment growth strongly tied to sequential consumption growth. Year-on-year growth trends skewed by trade inventory re-fill in 2022.
- **Advertising investment:** Investing >25% more in media. Front-loaded to jump start demand.
- **Adj. Gross Margin:** Gradually improving throughout the year as pricing takes hold and temporary inefficiencies are eliminated but partially offset by margin impact of lower volumes at start-up in Ennis.
- **Logistics costs:** Once bag line starts up in Ennis and can produce all sku's, expect to see steady improvement in logistics.

FRESHPET FINANCIAL PROJECTIONS

## 2023 PLAN: KEY GROWTH DRIVERS

**STRONG ADVERTISING INVESTMENT**

**SIGNIFICANT INCREASE IN RETAIL PRESENCE**

**NEW PRODUCT LAUNCHES**

## 2023 PLAN: OPERATIONAL IMPROVEMENTS

**Ample  
capacity**

**More efficient  
logistics**

**Improved  
quality**

**Commodity costs  
in line with pricing**

## 2023 GUIDANCE: Q1 EXPECTATIONS

- ✔ **Volume cadence:** Year-ago included the benefits of two price increases (11/21 and 2/22) and ~4 points of growth due to trade inventory re-fill that we will be lapping. Q1 2023 will be similar in net sales to Q4 2022 due to trade inventory re-fill being completed in Q4.
- ✔ **Advertising investment:** Very heavy advertising investment to drive renewed engagement and offset impact of last two price increases.
- ✔ **Adj. Gross Margin:** Significant start-up costs on Ennis bag line and sub-scale production on roll lines in PA and Ennis as we grow into the new capacity.
- ✔ **Logistics costs:** Q1 & Q2 will include significant transitory costs of shipping initial stocking inventory from Bethlehem to Dallas to support West Coast expansion.
- ✔ **Adj. EBITDA:** Q1 2023 will be modestly negative and represent the low point for the year due to plant start-up expenses, heavy marketing spend, transitory logistics costs, and lower initial fixed cost absorption at Ennis. Q2 will improve modestly due to higher volume.
