## Forward Looking Statements & Non-GAAP Measures

#### Forward-Looking Statements

Certain statements in this presentation constitute "forward-looking" statements, which include any statements related to the novel coronavirus ("COVID-19"), the Freshpet Kitchens Expansion, and the Company's general operating and economic environment. These statements are based on management's current opinions, expectations, beliefs, plans, objectives, assumptions or projections regarding future events or future results. These forward-looking statements are only predictions, not historical fact, and involve certain risks and uncertainties, as well as assumptions. Actual results, levels of activity, performance, achievements and events could differ materially from those stated, anticipated or implied by such forward-looking statements. While Freshpet believes that its assumptions are reasonable, it is very difficult to predict the impact of known factors, and, of course, it is impossible to anticipate all factors that could affect actual results. There are many risks and uncertainties that could cause actual results to differ materially from forward-looking statements made herein including, most prominently, the risks discussed under the heading "Risk Factors" in the Company's latest annual report on Form 10-K and quarterly reports on Form 10-Q filed with the Securities and Exchange Commission. Such forward-looking statements are made only as of the date of this presentation. Freshpet undertakes no obligation to publicly update or revise any forward-looking statements, no inference should be made that we will make additional updates with respect to those or other forward-looking statements.

#### **Non-GAAP Measures**

Freshpet uses certain non-GAAP financial measures, including EBITDA, Adjusted EBITDA, Adjusted EBITDA as a % of net sales, Adjusted Gross Profit, Adjusted Gross Profit as a % of net sales (Adjusted Gross Margin), Adjusted SG&A and Adjusted SG&A as a % of net sales. These non-GAAP financial measures should be considered as supplements to GAAP reported measures, should not be considered replacements for, or superior to, GAAP measures and may not be comparable to similarly named measures used by other companies.

Freshpet defines EBITDA as net income (loss) plus interest expense, income tax expense and depreciation and amortization expense, and Adjusted EBITDA as EBITDA plus gain (loss) on disposal of equipment, plant start-up expenses, non-cash share-based compensation, launch expense, fees related to equity offerings, COVID-19 expenses, and fees associated with due diligence of new enterprise resource planning ("ERP") software.

# Forward Looking Statements & Non-GAAP Measures (cont.)

Freshpet defines Adjusted Gross Profit as gross profit before depreciation expense, plant start-up costs, COVID-19 expenses and non-cash share-based compensation, and Adjusted SG&A as SG&A expenses before depreciation and amortization expense, non-cash share-based compensation, launch expense, gain (loss) on disposal of equipment, fees related to equity offerings, and fees associated with due diligence of new ERP software.

Management believes that the non-GAAP financial measures are meaningful to investors because they provide a view of the Company with respect to ongoing operating results. Non-GAAP financial measures are shown as supplemental disclosures in this presentation because they are widely used by the investment community for analysis and comparative evaluation. They also provide additional metrics to evaluate the Company's operations and, when considered with both the Company's GAAP results and the reconciliation to the most comparable GAAP measures, provide a more complete understanding of the Company's business than could be obtained absent this disclosure. Adjusted EBITDA is also an important component of internal budgeting and setting management compensation. The non-GAAP measures are not and should not be considered an alternative to the most comparable GAAP measures or any other figure calculated in accordance with GAAP, or as an indicator of operating performance. The Company's calculation of the non-GAAP financial measures may differ from methods used by other companies. Management believes that the non-GAAP measures are important to an understanding of the Company's overall operating results in the periods presented. The non-GAAP financial measures are not recognized in accordance with GAAP and should not be viewed as an alternative to GAAP measures of performance.

Certain of these measures present the company's guidance for fiscal year 2020, for which the Company has not yet completed its internal or external audit procedures. The Company does not provide guidance for the most directly comparable GAAP measure and similarly cannot provide a reconciliation to such measure without unreasonable effort due to the unavailability of reliable estimates for certain items. These items are not within the Company's control and may vary greatly between periods and could significantly impact future financial results.

## **Protecting and Rewarding our team**

Wellness check: Third-party nurse

Social distancing:

**Deep cleaning:** Expert "deep cleaning" of Kitchens' break/ meeting areas

#1 Priority: protecting our team and the communities we serve while delivering food to our pet parents

Tripled size of break / meeting areas

Masks Required: Required use by all team members

### Air filtration:

Increased air filtration and system upgrades

**Staggered Shifts:** To avoid a concentration of team members

### **Personal Sanitation:**

At doors and in meeting room sanitation

#### Suspended absenteeism policy:

To encourage people to stay home if needed

#### Quarantine with pay:

Followed or exceeded all CDC and FDA guidelines

#### **Quarterly incentive:** Quarterly incentive based on Q1 performance on quality, safety, productivity

#### **Incremental Cash bonus:**

\$500 after tax bonus for all Kitchens' team members in April

#### **Restaurant gift cards:**

\$50 gift cards to local restaurants 2x month, helping the community and our team

#### Gift baskets to teams families:

Game / movie night + stay safe initiatives + masks for family + bulk food

Delivering strong results in the face of a challenging environment

## **COVID-19 impacts to Freshpet**

#### Drew down trade inventory in Q1 due to surge buying:

- We estimate that \$4 million in net sales moved from Q1 to Q2.
- April shipments expected to be up ~33% y/y despite post-surge consumption trough

#### **Retail disruptions:**

- Retail partners slowed most new fridge installations and new product placements
- Pace has slowed and expect to return to normal pace in Q3

#### Pushed back April advertising:

• We pushed our April advertising spending back into May and August due to the lack of supply

#### **Retail challenges in UK/Canada:**

• The impact of the advertising investments we made was muted due to similar retail issues in Canada and the UK

#### **Production efficiency:**

- Focus on maximum output from our production lines vs labor efficiency; incremental staffing
- Lost some production capacity due to some days with 3 vs 4 lines

#### **Construction delay:**

- Short delay and then construction restarted, some issues with fully staffing
- Current plans call for Kitchens 2.0 start in October instead of September

## Will catch up to bags demand in Q2

Began Q1 with low inventory due to stronger than anticipated Nov./Dec. '19 sales

- Buying surge in March overwhelmed supply despite increase from Kitchens South coming on-line in Feb.
- Post-surge consumption trough in April and second shift at Kitchens South by June will allow us to catch up to demand in Q2 and position us well for Q3
- In Q3, capacity on Fresh From the Kitchen will get tight and could result in shipments moving into Q4. All other bags will have adequate capacity.

Kitchens South small bag line began producing in mid-Feb & second shift will be added by beginning of June Freshpet has the ability to deliver strong results despite the current external challenges

Consumer

Increased interest

 Consistent demand and high loyalty

in pets + pet

adoptions

Interest

## Well-positioned for current environment

- No trade promotion
- Less dependent on retailer activity

Healthy Financials

- "Essential business"
- Well capitalized

### Pet adoptions and fostering increased significantly during COVID-19 crisis

## Dogs make shelter-in-place better

### During Quarantine Restrictions, Dogs Made It Better For Us Humans

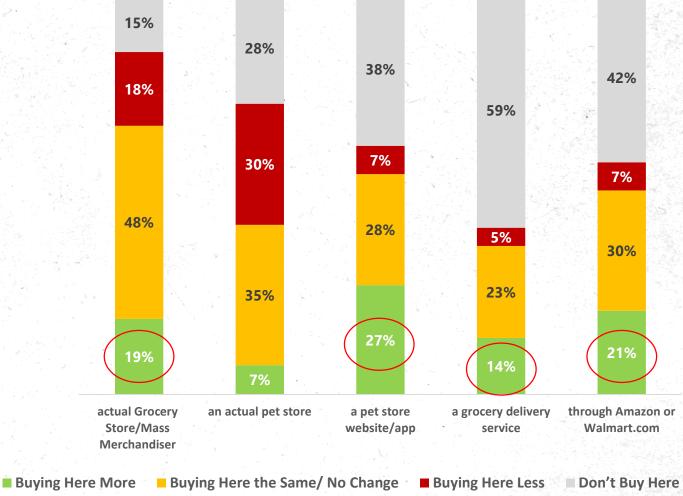

% Dog HHs That Completely/Somewhat Agree During Stay-Home Restrictions...

My dog(s) have given me companionship	88%
My dog(s) have made me feel less lonely	82%
My dog(s) have given me something to look forward to	81%
My dog(s) have given me activities/things to do	80%
My dog(s) have made me happier	83%
My dog(s) have made it <b>more fun</b>	80%
My dog(s) have made me feel less stressed	78%

## New opportunities in e-commerce

Curbside pick-up in pet specialty and grocery + pure e-commerce are growth opportunities Freshpet User Claimed Buying Habits

Don't Buy Here

<ul> <li>Drive growth under Feed the Growth Plan</li> <li>Add capacity</li> </ul>	<ul> <li>Keep our employees safe</li> <li>Reliably supply our customers and pet parents</li> </ul>	<ul> <li>Adapt to the new realities</li> <li>Leverage our strengths to continue driving growth</li> </ul>
<ul> <li>Nielsen Mega-Channel cons. (Jan-Feb) +29%</li> <li>Jan-Feb. shipments +25%</li> <li>Capacity constrained</li> <li>Began year with low trade inventory</li> <li>Endcap Fridge placements in Walmart completed</li> <li>New products shipped to some customers</li> <li>Start-up Kitchens South and 4<sup>th</sup> line 24 hour operation</li> </ul>	<ul> <li>Nielsen Mega-Channel (Mar-Apr) <ul> <li>4 wks thru 3/28 +42%</li> <li>4 wks thru 4/25 +10%</li> </ul> </li> <li>March sales +34%</li> <li>April sales +~33%</li> <li>Capacity constrained</li> <li>Fridge and new product placements delayed; April advertising pushed back</li> <li>Significant investments in safety and supply chain</li> </ul>	<ul> <li>Incremental advertising investment</li> <li>New e-commerce programs launched</li> <li>Incremental retail coverage</li> <li>Capacity catch up; Kitchens South 2<sup>nd</sup> shift and start-up Kitchens 2.0</li> <li>Complete fridge and new product placements</li> <li>Significant investments in safety and supply chain</li> </ul>

Uniquely positioned to grow in this chaotic environment

## Leaning in to drive revenue in the midst of chaos

\$4 million investment to offset delays due to retail issues

May - Aug

May - Jun

#### Increasing media investment behind proven campaigns

- Low cost media
- Heavy viewership
- Highly effective message
- Pet parents caring more about their pets

- Media-driven "Order Online, Pick-Up In-store" partnerships
- SOS DTC Program to guarantee pet parents have access to Freshpet

#### **Improve retail**

- Placing double fridges in >1000 outlets
- Incremental retail coverage in grocery/mass to fix postsurge chaos

## Reiterating Net Sales guidance; Updating profit outlook to reflect "Lean-in" initiatives

\$ in Millions	2019	2020	% Change
Net Sales	\$245.9	>\$310	+26%
Adjusted EBITDA	\$29.2	>\$44	+51%

#### Previous commentary/Update

- Volume cadence: Similar to previous years with potential for tight bag capacity in Q1 and Q3 causing shipments to move to Q2 and Q4
- Advertising investment: Skewed to the first half as in 2019 with the potential for a slight dip in Q2 to manage capacity. International advertising all in first half. April advertising moved to May and August. Incremental "Lean-in" investment."
- **Gross margin:** Q1 will have significant ramp up costs at Kitchens South, fourth line 24/7, and less impact from pricing. Gross margin should gradually improve as the year goes on. Better than expected gross margin in Q1 due to mix shift to rolls. Continuing mix shift towards bags.
- Add Backs: COVID-19 related costs will impact Q2 and Q3 most significantly; anticipate \$4 million in total costs

See assumptions on next page

12

Reiterating 2020 net sales guidance and lowering Adj. EBITDA guidance to reflect incremental investment

## **Guidance** assumptions

Our guidance considers the following factors. We believe we have made reasonable assumptions about each factor. However, the external environment is very dynamic so we want investors to understand the basis for our guidance:

- Supply: We do not encounter any significant supply interruptions either upstream from us or in our facilities
- **Costs**: The costs that we incur to manage the COVID-19 crisis total \$4 million and are concentrated in Q2 and Q3
- Media Effectiveness: The effectiveness of our media investment is not adversely impacted by the changing consumer environment
- Shopping Behavior: The presence of significant restrictions on shopping in stores doesn't prevent reasonable consumption and replenishment patterns similar to what we have seen historically
- **Retailer Activity**: Retailers resume a significant portion of their fridge placements and new item distribution in Q3
- Customer Credit: We have no major customer credit issues as a result of the COVID-19 crisis

This is not an all-inclusive list. For that, please consult the Risks section of our latest SEC filings.

Committed to protecting our employees and continuing to nourish our pets

- Protecting our employees
  - 3<sup>rd</sup> party medical staff performing health checks on employees
  - Increased deep cleanings
  - Increased sanitizing and social distancing cost
  - Providing employees with mandatory personal protective equipment
- Increased COVID-19 related compensation cost
  - Additional direct compensation to employees
  - Increased absenteeism and need for incremental staffing
- Costs to protect supply chain
  - Temporary cost of bringing on additional ingredient and packaging suppliers in case of disruption at current vendors

These cost are temporary in nature. These cost will be added back to the Company's Net Income to Adjusted EBITDA reconciliation.

Current estimate of COVID-19 related cost: **\$4 million** 

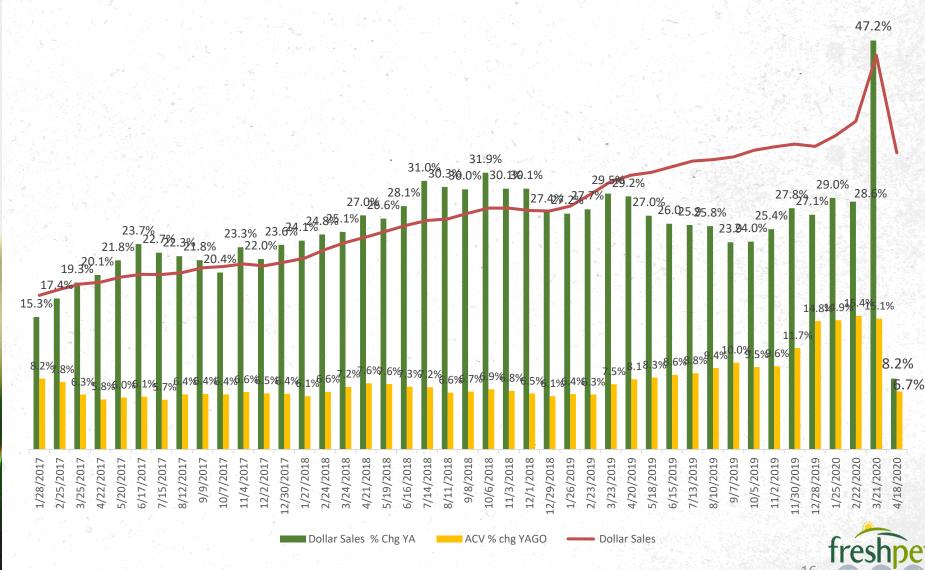

# Q1 2020: Continued strong top line growth and accelerating bottom line

Freshpet Net Sales & Profitability Performance \$80.0 \$8.0 \$70.1 \$7.0 \$70.0 +28% \$6.0 \$60.0 \$54.8 \$5.0 \$5.7 +27% \$50.0 +106% \$4.0 \$3.0 \$40.0 \$2.0 \$2.8 \$30.0 +54% \$1.0 \$20.0 \$0.0 Q1 2019 Q1 2020 (\$(3.4)) \$(3.6) Net Income (Loss) (\$ millions) Net Sales (\$ millions) — Adj. Significant out-ofstocks during surge reduced SKU's in distribution

## Large store fridges drove ACV & TDP gains

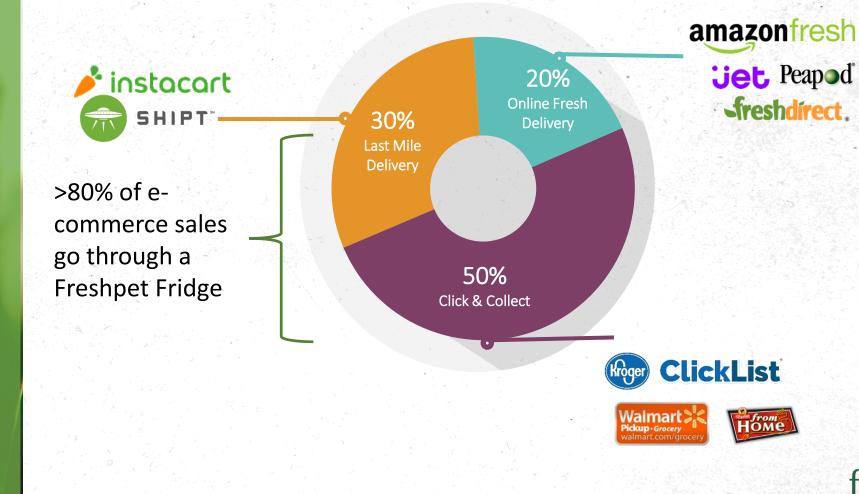

Freshpet Distribution Gains			
	Q1 2019	Q1 2020	
Store Count	20,053	21,867	
vs YA	+10%	+9%	
Upgraded Fridges (Cum.)	1,008	1,623	
YTD Increase		32	
- 			
2nd Fridges (Cum.)	341	822	
YTD Increase	-	15	
% ACV	47.4%	54.4%	
vs YA	+8%	+15%	
Total Distribution Points (Change vs YA)	+11%	+15%	

- Installed full-size coolers on endcaps in Walmart stores before COVID-19
- Will add >1000 second coolers in balance of year

COVID-19 related in-store disruptions will slow fridge placements in Q2; expect placements to resume in Q3

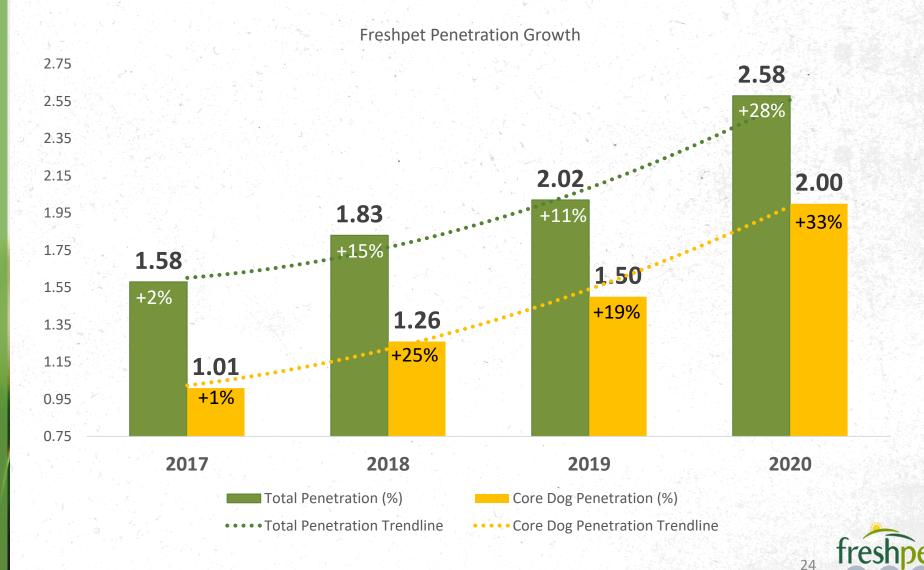

## Q1 2020 e-commerce sales +98% vs. YA

3.3% of Freshpet sales in Q1 2020 were e-commerce

## Accelerating penetration growth

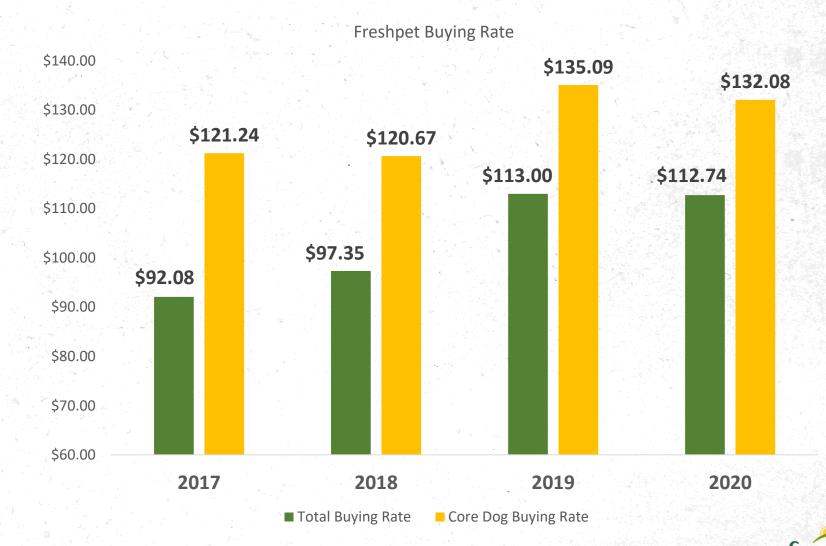

Almost Doubled Core Dog HH Penetration in 3 Years

Source: Nielsen HH Panel for the periods ending March 2017, 2018, 2019, 2020

# Buying rate growth diluted by strong penetration growth

Stable buying rate despite adding 33% new Core Dog users

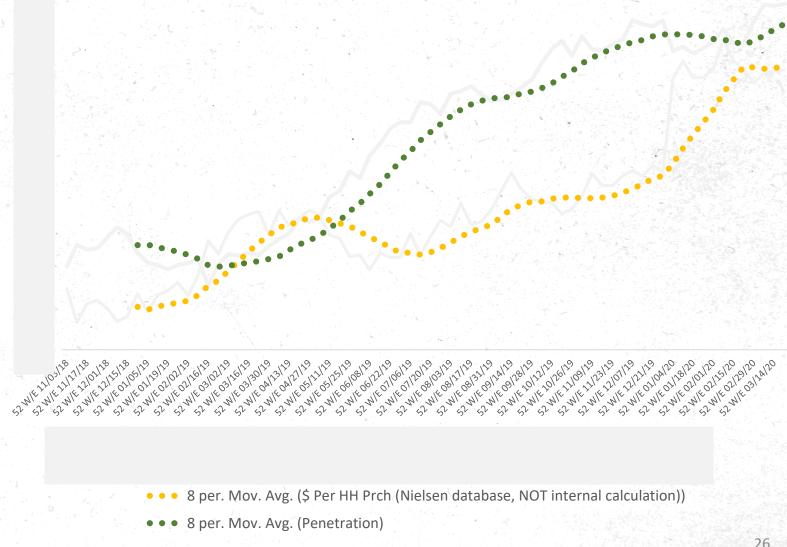

25

## HH penetration and buying rate both grow over the long-term but impact each other in the short-term

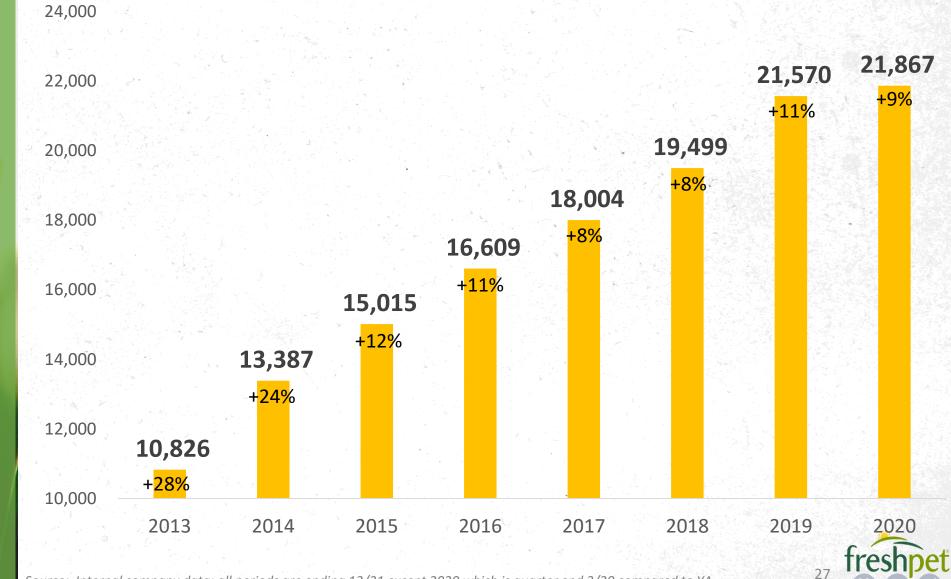

Strong HH penetration gains in most recent quarter stunted buying rate gains

Source: Nielsen HH Panel for the period ending March 21, 2020

# Store count growth limited by COVID-19 related retail disruption

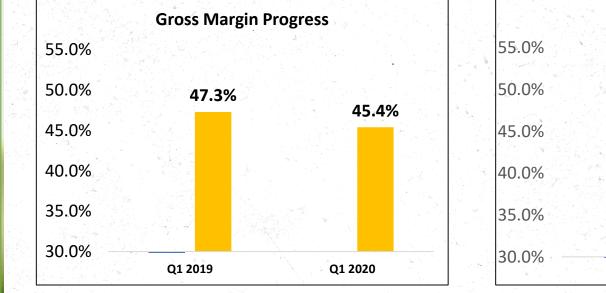

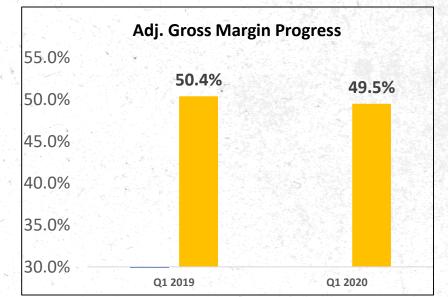

Source: Internal company data; all periods are ending 12/31 except 2020 which is quarter end 3/20 compared to YA

### 297 Net New Stores in Q1

## Q1 2020: Gross margin impacted by startups and COVID-19 related costs

Excluding COVID-19 related costs, on track for 49-50% adjusted gross margin target

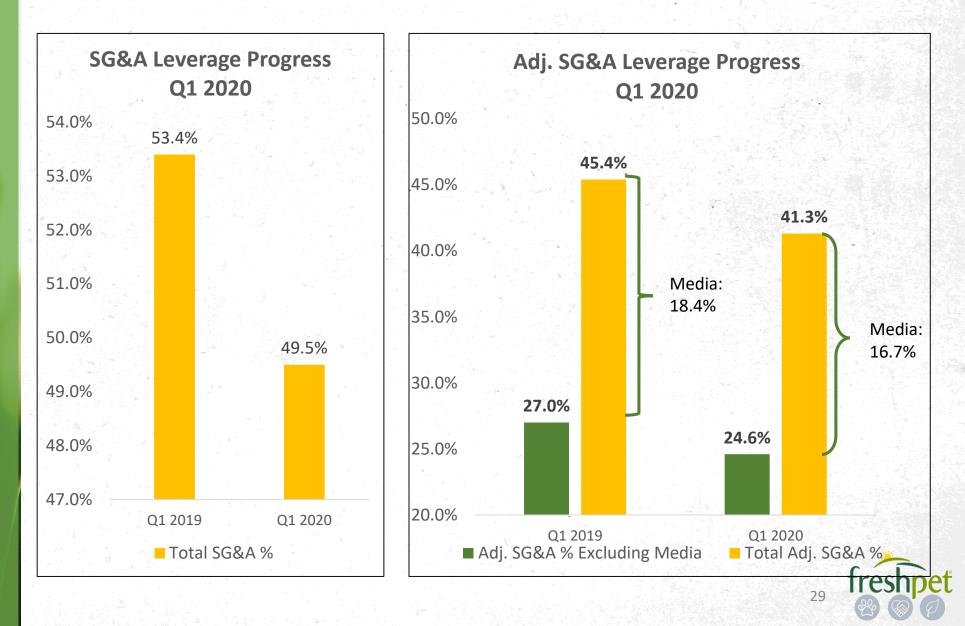

## Q1 2020: Continued gains in SG&A leverage

Invested \$1.7 million more in media in Q1 2020 vs. Q1 2019

### Completed \$252 million capital raise on March 2, 2020

## We have ample liquidity

<u>\$ amounts in Millions</u>	
Cash, cash equivalents, and CDs at March 31, 2020	\$169.5
Proforma Available Debt(1)	\$165.0
Debt outstanding at March 31, 2020	<u>\$0.0</u>
Available Liquidity	\$334.5

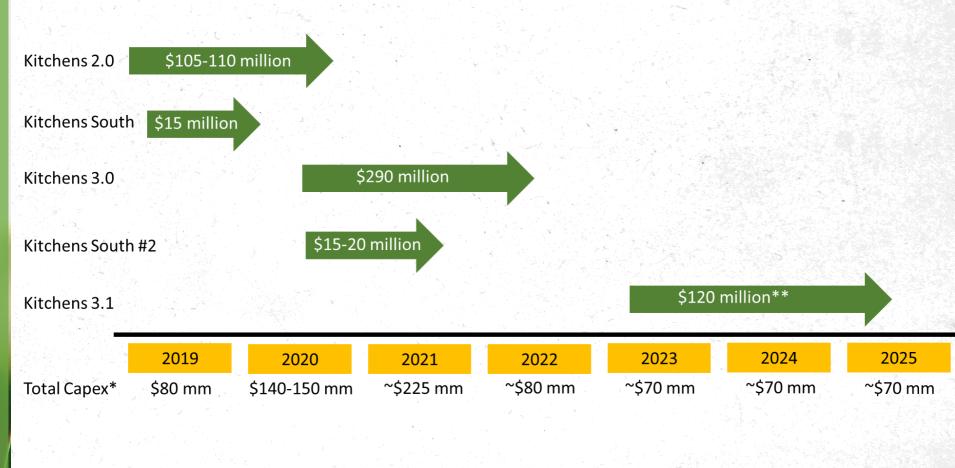

(1) – On April 20, 2020 Freshpet amended and restated its senior secured credit facility. This New Credit Facility includes a \$130 million delayed draw term loan facility and a \$35 million revolving loan facility that replaces the Company's prior \$55 million delayed draw term loan facility and \$35 million revolving loan facility.

30

## Capital spending plan is on track

Modest increase in scope of Kitchens 2.0 to include more office space for expansion

\*also includes maintenance capex, fridges and IT

\*\* includes 3 production lines, taking total capacity to \$1.2 billion

### Accelerated growth rate and capturing scale benefits

## "Feed the Growth" is working
